

Walter A Haas Jr. Community Service Award

Jordan Fines

Softball

This award is given annually to a student athlete for his or her outstanding contribution to community service.

"Jordan has been an integral part of creating a strong community between our women student athletes, faculty, and staff. She founded the Golden Girls group, spends time helping her community (like creating care packages for the homeless, etc.), and has contributed in many ways to help our compliance staff. Jordan exemplifies what it means to be a Golden Bear both on and off the field - a servant leader."
